

Muniré  
**SafeSide®**

The next generation in crib safety

**Safe and Sound**

The Muniré SafeSide®, 3 in 1 crib has been designed to put your child's safety first. With two fixed side-rails and no moving parts, the SafeSide® crib is the next generation in crib safety. The SafeSide® Crib has been tested and certified by CPSC approved testing labs and has received the JPMA Seal of approval for safety and compliance.

**Built to Last**

Every crib is built with superior safety and exceptional quality you can see and feel. Constructed with solid hardwoods and beautiful wood veneers for lasting quality and durability.

**Flexible Style**

The SafeSide® Crib is available in six styles and a variety of finishes to complement our existing collections, or can be mixed and matched to create a unique style of your own.

**Versatile**

The 3 in 1 design converts safely and easily into a toddler bed and a day bed for years of use.
